God's Universal Laws

The Law of Sponsoring Thought

In the ancient texts and through biblical translations we are told of our belief systems. In fact, in Deuteronomy beginning with Chapter 6 Moses tells us the following:

*Hear O Israel: The Lord of our God is one Lord:
And thou shalt love the Lord thy God with all thine heart,
and withal thy soul, and with all thy might.
And these words, which I command thee this day, shall be in thine heart:
And thou shalt teach them diligently unto thy children, and
shalt talk of them when thou sittest in thine house.*

It began early to teach our children what to believe but what we teach them to believe needs the Laws of the Universe as crated by our Universal Source Creator; not of translation or belief of the common man which the majority of our translations come from. It is these belief patterns that determine our reality – our sponsoring thoughts. The life you are living today is the result of your basic thoughts or opinions about this experience we call "Life". These basic thoughts or beliefs are your sponsoring thoughts, the thought patterns that define your relationship to everything that is happening in this experience we call "Life".³⁶ We are not talking here about passing fancies, whims, or our changing ideas and opinions about this and that. What is meant here is the basic view or understanding of "Life." These are the ideas that underlie everything we think, say and do – our basic ideas about the Nature of Reality.

Each person, every individual human being, has his or her own unique spin or version of the Nature of Reality which usually comes from our period of growth and education – beliefs from our parents, teachers and other influential people. There is as many variations on Life's Reality as there are humans living on this planet earth. Therefore, everyone is also living in his or her

own creative world. People have very different views of the Nature of Reality or of this experience we call "Life"—and as a result they have very different Life experiences. But whatever their Life experiences are, they are the outward manifestation of their sponsoring thoughts. This is the reason we must change our belief system to a knowing system that allows us to fully understand the basics of Life. Our greatest teacher said when he walked this Earth: According to your faith be it done unto you. (... "as thou hast believed, so be it done unto thee." Matthew 8:13). When we come to the understanding that the world, we are living in is a direct result of and reflection of our own creative thoughts (sponsoring or known) about "Life" or the Nature of Reality, we will have discovered another important key to improving our life, realizing our dreams, and bringing infinitely more Good into our life.³⁸
