The Connection Between Planned Parenthood & Roe v Wade

In order to identify the truth about both Planned Parenthood and Roe V Wade including their connection we first must understand the organizations and their supporters and the individuals who represent them.

As with anything, we cannot study any part of history without looking first to the scriptures. The Bible is the history book which all life experiences are experienced.

We will begin by looking at Leviticus 20:1-5 “And the Lord spake unto Moses, saying, 2 Again, thou shalt say to the children of Israel, Whosoever he be of the children of Israel, or of the strangers that sojourn in Israel, that giveth any of his seed unto Molech [this is the term we get molecular]; he shall surely be put to death: the people of the land shall stone him with stones. 3 And I will set my face against that man, and will cut him off from among his people; because he hath given of his seed unto Molech, to defile my sanctuary, and to profane my holy name. 4 And if the people of the land do any ways hide their eyes from the man, when he giveth of his seed unto Molech, and kill him not: 5 Then I will set my face against that man, and against his family, and will cut him off, and all that go a whoring after him, to commit whoredom with Molech, from among their people.”

Jeremiah 7:32 “Therefore, behold, the days come, saith the Lord, that it shall no more be called Tophet, nor the valley of the son of Hinnom, but the valley of slaughter: for they shall bury in Tophet, till there be no place.”

The American Medical Association has a term “Microkeyism”. This term, Microkeyism, is a medical is a phenomenon where the cells of the mother are uniquely transferred to the child and the cells of the child are uniquely transferred back to the mother. So, whatever the mother has is transferred to the child and whatever the child has is transferred back to the mother. This process happens even if the child is aborted by its mother. The cells of the aborted child has

already been transferred to the mother and the cells, the genes, and the chromosomes from the mother are transferred to that aborted child. This happens even if the child has been miscarried. The mother cells, genes, and chromosomes are transferred to the child and the cells and the genes of the chromosomes of the child are transferred back to the mother.

Conception to Birth

We are in the midst of a global holocaust for the past 6 000 years. Our entire history or historicity has been fully and thoroughly manipulated by manipulators whose so intent is to manipulate manipulation

Our entire history from Genesis 1:3 to today has been manipulated, splice, and diced thereby you and i have been lied to!

Over 130 million babies have been slaughtered worldwide this year with nearly 20 million black children since 1973 in the United States alone because of one lady who started planned parenthood, Margaret Sanger. If you look at the average daily abortions, we find that just today there were 81,255 worldwide, with 14,857 in the United States, abortions by planned parenthood. Since planned parenthood began in the United States there have been 60,777,306 children have been slaughtered by planned parenthood in the our country since Roe v Wade in 1973. This is the greatest holocaust in human history.

Let us investigate the history and bloodline of one Margaret Sanger. Margaret Sanger is a hero to many people. This includes Barack Obama and Hilary Clinton. In 1966, Lyndon Baines Johnson, including Dr Martin Luther King, Jr received the Margaret Sanger award. Ask yourself why Dr. Martin Luther King, Jr., a preacher of righteousness yet believed in abortion?

Since 1980, 1,653,963,827 babies have been slaughtered on a global worldwide scale because of the global deep state eugenics of Margaret Sanger including many of those of the deep state.

Compare this liquidation of children to all the wars since the earth was created and Adam was formed. Over 1.6 billion children have been slaughtered now for the past 6 000 years. The number of wars that we have had on this earth from Adam to now is 25,000 wars in history and between 150 million to one billion people have died in wars for greed and money but, at the same time, there have been more satanic abortion (murders -over 1.6 billion) than all of the 25,000 wars combined.

In order to understand why that we are witnessing such a war on children, we have to first go back into what we call historical antiquity and to break this down through what we call historical textual antiquity. This means we have to begin with the bloodline of one Margaret Sanger.

The bloodline of the sanger seed goes back at least 1500 years. The name Sanger is a combination of Turkish and Mongolian Kazazian background. The Sanger bloodline married into the Huxley bloodline. The Huxley bloodline that later would produce Dr. Julian Huxley, the founding father of the term of transhumanism. The Huxley's married into the Higgins bloodline out of Ireland. The Higgins bloodline would ultimately marry into the Machete bloodline of Italy. Many Italians call machete or machete. The Machete bloodline generationally will produce a bloodline seed by the name of Dr. Caesar Marchete, father of geo engineering. The Machete bloodline would later matriculate to Germany in the mid-1700s and marry into the Marken bloodline out of both Berlin and Bavaria Germany. The Marken bloodline will later produce a man by the name of Dr. J.C. Van Market, a Dutch blooded and born in Bavaria, German, who then coined the term social engineering in 1894. The Marken bloodline would marry into the Money bloodline out of Germany would produce a bloodline seed named Dr. John Money, the founding father of sexual orientation and the term gendered fluid. The Money bloodline would integrate into the Eric bloodline also out of Bavaria, Germany in the 1800s which would later produce a bloodline seed of one Dr. Carl Heinrich Erlich or Urix, who later became the founding father of social engineering. The Eric bloodline would intermarry

genetically into the Kurt Benny bloodline who would marry into the Kentler bloodline and also create the term heterosexuality.

So, the Kurt Benny bloodline would marry into a German medical dynastic bloodline by the name of the Kentler in Bavaria, Germany who would later produce a bloodline seed named Dr. Helmut Kentler, who was of Separdic Kazarian and a German clinical psychologist and sexologist during the 1960s up until his death in 2008. Dr. Helmut Kentler would create the Kentler Project backed by the German government. This was during the time of Angela Merkel control over the German government. This Project allowed homeless children as young as two months old to be adopted into homes where pedophilia took place. This was allowed to happen because Dr. Helmut Kentler had changed the German criminal code to allow pedophilia to run rampant in Germany.

It is important to fully understand the current review and over turn of Roe V Wade in the United States Supreme Court is based upon the history of the bloodline of Margaret Sanger. Let's continue.

Dr. Helmut Kentler, through incest, became related to the Kashner bloodline through a man by the name of Ludwig Kastner which would later produce a blood seed by the name of Horst Kastner. We then find the one of the children of Horst Kastner was a daughter by the name of Angela Dorethia Kastner. Angela Dorethia Kastner would marry a man by the name of Joseph Merkel who then became the chancellor of Germany.

How mind blowing is this? Everyone in this whole scheme is related and not by accident. These demons are related by blood through incest connected to the Sangers today.

Let's continue.

The Kastner's are related to the Benkerts of Austria which will later produce Dr. Karoly Maria Benkert, who were later coin the term homosexuality. The Benkert's bloodline goes back 1,500 years migrated originally not out of Greece. The Benkert original name was Lazap., whose family immigrated out of Greece into Austria and Germany as early as the 17th century. It was the Lazpa, or now Benkert, who created the term Alesbo. This is a town on an island off of the coast of Greece is where and is where you get the term lesbian today. The Lazpa or now Benkert's would marry into the Douglas bloodline from England which was a bloodline of nobility, where the generations called themselves Marquise. Marquise is a French term meaning noblemen. The Douglas bloodline then would produce a politician in a nobleman by the name of John Douglas Sholto who was Marquis or the nobleman of Queensberry in England. It was through John Douglas that would later produce the Sanger bloodline. It was Douglas that also coined the term queer.

What we need to understand is in the late 1800s Margaret Sanger's bloodline produced Phys-
op geo-engineering, homosexuality, lesbianism, abortion, synthetic sacrifices, neurosexuality, gender disorientation, and sexual disorientation. All these demons are all related by genetical blood going back centuries.

The World Health Organization (WHO) had classified pedophilia as a sexual preference disorder and not as a crime.

Back to historical bloodline of Sanger.

Five percent of the Sanger bloodline out of central Germany through Bavaria had matriculated into Norway and changed their name. Ten percent of the Sanger family changed their name from Sanger to the Norwegian name of Thorstead. It would be the Thorstead portion of the Sanger bloodline that would produce one of most evil man in American history – Dr. David Thorstead. Dr. Daivd Thorstead went on to create Namla (The Man Boy Lover Association) in 1978. Namla is supported b y the Democratic Party and moany democrat leadership. Adam

Schiff, congressman from California, is on the board of directors and also is on the founding board of directors of the California based organization called Little Kids, where they specialize in pediatric massaging. It is all pedophilia.

The Thorstead family then changed their name from Thorstead, who were actually Sangers out of Germany, to Nelson when they moved again from Norway to Great Britain. In the mid-1800s the Nelson bloodline, which is former name is Thorstead and Sanger, became slave owners and moved to the United States to Alabama to Tennessee, including part of the family to Argentina. The Nelson bloodline generationally would produce David W. Nelson. David W. Nelson, great, great, great, great, great grand daughter was a young woman by the name of Norma Leah Nelson who married intimacy into the McCorvey family – Norma Leah Nelson McCorvey. Norma Leah Nelson McCorvey who went on to change her name in 1973 to a code name – Jane Roe. You got it, Jane Roe the portion of the 1973 SCTOUS case Roe V Wade is Norma Leah Nelson McCorvey who is in the bloodline of one Margaret Sanger, Planned Parenthood. This 1973 SCOTUS case went on the legal the murder and liquidation of over 1.6 billion babies. On January 22, 1973 in a 6 to 3 decision the IUnited States Supreme Court rendered one of the most heinous decisions against not only humanity but God Himself.

SCOTUS decision, written by Justice Harry A Blackman, held that the laws of the state of Texas unduly restricted abortion and that the law in the State of Texas was unconstitutional. The Texas statues criminalizing abortion in most situations violated a woman's constitutional privacy which it found to be implicit in the liberty guarantee of due process clause of the 14th amendment. SCTOUS went on to state that no state shall deprive any person of life, liberty in the pursuit of happiness, and shall not deprive any person of life liberty get this or property without due process of law.

What the Supreme Court did not take into account is that the bodies of any human being are not their own but is it sole ownership of God. Women your body does not belong to you it

belongs to God. Jane Roe (Norma Leah Nelson McCorvey) had four other abortions prior to 1973.

It was Planned Parenthood that paid her off to take the United States to the highest court of the land to legalize the slaughtering of children.

Now let us look at the attorney of Texas that Roe sued in Roe V Wade. The District Attorney named Henry Wade was the DA of Dallas County. Henry Wade was the DA for the Dallas County from the years 1951 to 1986. Wait a minute. Henry Wade was the DA when John F. Kennedy was shot in Dallas, Texas on November 23, 1963.

We have written about John F. Kennedy assassination in the History Forum. It was Henry Wade that said "and without a doubt upon the moral certainty that Lee Harvey Oswald took out John F. Kennedy. Her comes another connection. Norma Leah Nelson McCorvey (Jane Roe) was related to the Wade family out of Czechoslovakia. Do you not yet understand how demonic this world is.

Lebron Henry Wade was the district attorney of Dallas County from the 50s up into the middle part of the 80s whose real name was Henry Menasco. The Menascos are related by incest blood genetically going back 800 years to the Wades, the Nelsons, the McCorvey's, the Sangers, Benkerts, the Merckels, and the Kastners. They are all related!

Henry W. Wade's wife Lula Mishje had 11 children of which one was the district attorney of Dallas County from the 50s going up to the metropolitan 60s who had also set up Lee Harvey Oswald and who was also the same man that was fighting against Jane Roe Norma Leah Nelson McCorvey. in other words they're all related go coming back to Margaret Sanger.

Henry W. Wade had prosecuted Jack Ruby for shooting Oswald but it was Henry Wade that allowed Jack Ruby to come into that police precinct in order to take out the patsy, Lee Harvey Oswald.

The real last name of Henry W. Wade is Menasco and Menasco which means Mania which comes from the tribe of Manasseh that is located out of Kazarian territory. Henry W. Wade was a Kazarian by blood and his last name means devious character.

The Menasco bloodline married into a French aristocrat bloodline called the Guyon bloodline in the late 1800s that produced a female seed named Renee Guyon; born on the 27th May 1876 and died in 1963. Renee Guyon is best known for the writings on the subject of sexual ethics. Renee Guyon was involved later in the writing of the legal codes in the country of Siam which is not known as Thailand changing the criminal codes concerning sexual orientation and pedophilia. Renee Guyon went on to be the head judge of the supreme court in Thailand who passed legislation to allow pedophilia in the nation and the government of Thailand up until his death in 63.

This now brings us to a witch by the name of Margaret Higgins Sanger. In 1921, Margaret Sanger created the Birth Control League, the precursor to Planned Parenthood that was created in 1942. The Birth Control League was created in 1921 at the first American Birth Control Conference in New York City.

The Planned Parenthood Federation of America has abortion clinics all over the world especially in black and Latino neighborhoods. Dr. Ben Carson a couple years ago in an interview stated that "Planned Parenthood clinics are in black and Latino neighborhoods is no accident." In 1916, Margaret Sanger established the first abortion clinic in America in Brownsville, New York. In 1916, Jewish people inhabited Brownsville, New York. But later went from Jewish to black inhabitants.

In 1922, Margaret Sanger created the publication called the Birth Control Review when she says that “black people are like human weeds that must be exterminated.” She also went on to state that “the most dangerous place for a black child to be is in his or her mother's womb.”

Now you may wonder why this is so important of a history lesson. If you type in preachers praying and blessing Planned Parenthood New Clinic in any search engine you will find preachers, of any color, backing Planned Parenthood because they are getting paid off though the Birth Control League,

Hillary Clinton said she's my hero while Barack Obama said she is a pioneer.

In 1942, three years after WWII began on September 1, 1939, Marcus Sanger traveled to Nazi, Germany to learn about Nazi eugenics. Dr. Francis Galton, the father of global eugenics, was financed by the British arm of the Rothschild's to exterminate any persons that did not look like the golden family.

So, Dr. Francis Galton later taught the father of eugenics, Dr. Charles Davenport, here in the United States. Dr. Charles Davenport was born in 1886 in Stanford, Connecticut and died on February 18, 1944 in Cold Springs Harbor, New York in Long Island. It was Dr. Charles Davenport who had created the American version of the British Plan of Eugenics; the liquidation of all non-whites.

Dr. Charles Davenport who was mentored by Charles Galton. It was Dr. Charles Davenport who coined the word stupid.

The Rockefeller Foundation financially backed eugenics programs of not just Dr Francis Galton but his protege this demon by the name of Dr. Charles Davenport. So, Davenport got his money from the Rothchild's and from the Rockefeller Foundation. Also included in the financial backing was E. H. Harriman who bankrolled the assassination of John F. Kennedy. Other family contributors were the DuPont's, Proctor and Gamble, and later the United States government.

So, according to the gay lesbian bisexual and transgendered round table through the American Library Association created for Emory University's religion and sexuality initiative where the religious department of Emory University supports pedophilia and supports transgenderism in connection to the Association of Pedagogy, normalize and decriminalize pedophilia and the part of the teachings of both is adhered in practice by the National Health Institute in Washington, DC (the Galton and Davenport eugenics program).

According to the National Institute of Health's website under the neurobiology and psychology of pedophilia recent advances and challenges it says that "a pedophilia epilephiliac is an individual who has a disorder and is not a criminal.

The National Institute of Health, through the neurobiology and psychology of pedophilia recent advances in challenges a pilot philiac disorder is recognized for its impairment to the individual and from the harm it may cause the others pedophilia is considered a side issue. Children are being raped as young as one month but according to the government it's a side issue and research into the nature of pedophilia is delayed in comparison to other psychiatric disorders.

In 1926 Margaret Sanger spoke in Silver Lake, New Jersey and she was invited by the women's auxiliary of the KKK conveying a message of extermination of black children. Now, she had three children she didn't abort them then yet she was telling black families to get rid of your children.

She had two sons and a daughter. The first son belonged to her husband but the last two children, a son and a daughter, belong not to her husband. These two children were from a relationship in while in marriage. The son from W.C. Fields and the daughter from the Hollywood director Cecil B. DeMille.

At the Silver Lake speech she said that “black women are monkeys and any black child that is born is a threat to society.”

It was a woman named Madame C.J. Walker three years before her death traveled from Chicago, Illinois to Brownsville, New York and got an abortion at the behest of Margaret Sanger. Madame C.J. Walker went on to become a multi-millionaire the creator of the hot comb. Three years after the abortion, Madame C.J. Walker wanted to expose Margaret Sanger then suddenly Madame C. J. Walker dies.

Between the years 1916 and 1929, Margaret Sanger wrote a letter to Dr. W.E.B. Du Bois, who is revered in the annals of black American history and who was one of the founding fathers of the Boule Secret Society.

The term Boule is actually a Greek word that goes back during the time of Aristotle, Plato and Socrates where the majority non-black Greek government head counselors and advisors called on the Boule's to protect the system. The Boule's represents the world elite today

The Boule's that was created by 10 black men. One of these black men was Dr. Raphael Jackson, who was later excommunicated from the Boule because he did not believe that black folk must be controlled by the same system that had enslaved his people. . The Boule Secret Society was founded by Rockefeller money on May 15, 1904, in Philadelphia, Pennsylvania, the hometown of the AME Church System and Prince Hall Masonic Order. There is not one black organization in American history that was created and funded by black people.

As a side note, the NAACP was not created by black people. It was created by Kazarians out of the Eastern Ukraine by Henry Moskowitz along with others out of Eastern Europe who migrated to the United States in the late 1800s and early part of the 1900s and created the NAACP. The Kazarians just placed black puppets in charge.

So, the Boule's are the black Skulls and Bones created not with black money but the money of the Rothchild's and Rockefeller's.

In 1939, 20 years after the death of Madame C.J. Walker there was a black woman that was on the executive board of Planned Parenthood named Dorothy May Taylor who was commissioned by her slave master Margaret Sanger to travel throughout the United States to get the political and financial backing of the NAACP including UNIA (United Negro Improvement Association) for the Negro Project.

The Negro Project was a nationwide plan for the selection for extermination of Black America beginning with the black children. The Negro Project came out of the Nazi Plan of the final solution where these demonic evil Nazis took out six million precious beautiful Jewish people. So, who is Dorothy May Taylor? She is the grandmother of one Valerie June Jared, Obama's best friend who is running Obama politically to this day, Dorothy May Taylor wrote the Negro Project for Margaret Sanger that focused on black eugenics. Her father, Dr. James E. Bowman, was also black eugenics and a professor at the University of Chicago teaching eugenics, who died in September 28th 2011.

In 1929, Rockefeller gave Julius Rosenwald a check for \$100,000 to give to his best friend Cecil B DeMille who gave it to his mistress Margaret Sanger to start planned parenthood beginning in 1921 as the birth control league.
